

Local organic and biodynamic farmers are our heroes.

This menu celebrates their extraordinary fresh produce in all its glory.

The chicken is free range, from pastures in the Swan Valley and surrounds.

Our chicken is fried in 100% GMO-free, cold pressed canola oil from Kojonup.

Our organic sourdough is baked in a 100 year old woodfired oven in Maylands.

Our gluten free buns are also local and made with hand-milled organic flour.

All of the pickles and hot sauces are made by us, and naturally preserved with zero junk.

All of the sides are house-made with the same ethos.

After all, life's too short not to be enjoying the very best.

We trust that you will appreciate this attention to love as much as we do.

## FRIENDS OF DRASKO'S
